MATLAB, Java, and Premier Pro

Creative minded

Web Design

PROFILE

Hi I'm Faris, I'm currently a student at Westen Sydney University completing a Bachelors of Engineering (Honours) Majoring in Electrical. After completing my Higher School Certificate in 2024 I enrolled at Western Sydney University's Diploma In Engineering Studies Block study to create more pathways to a variety of Univertsities to accomplish a secure degree.

Experience

Web Design:

During the Diploma I completed course INFO1005 WEbsite Design and coded a responsive multipage portfolio using visual studio code.

MATLAB:

During my time completing the diploma i had the oppotrtnity to learn basic MATLAB skills and develop real world problems and troubleshoot those problems all entirely using MATLAB. Additionally I documented these issues and visualised them through graphs and images generated by MATLAB

Technical skills:

Customised a personal shopify store, validated and annotated code for academic web designs.
